GOOD FELLOWS ARE READY TO MAKE ALL CHILDREN HAPPY

Review Is Asked to Continue Movement Started Last Year and Will Revive Project Immediately.

MERRY CHRISTMAS IS THEIR OBJECT

Last year about this time The Review initiated in Bisbee a "Good Fellow" movement, such as had been conducted first in Chicago and then in other cities with great success. A similar success attended the movement here and as a result at least half a hundred little ones enjoyed a truly merry and happy Christmas who would otherwise have been left alone and without the joys that are so dear to the heart of childhood. Of this and of the approach of Christmas time The Review is reminded by the receipt of the following letter:

Goodfellow Would Help.
Bisbee, November 28, 1912.
Editor of Review,
Dear Sir:

This is a "Thanksgiving" day and with its advent I am reminded of the near approach of Christmas with its joys for the many and its sorrows for the few. I have not forgotten that last year The Review took up the Good Fellow movement and thereby many children who otherwise would have been forgotten were given a happy Christmas, one they still remember with joy. Will not you start a similar movement this year or better, will you not through your paper continue the movement started last year? I took advantage of the opportunity then given me and was the happier for it. The day was brighter for me than any Christmas day in several years past. I desire to repeat the experience and if you will send me the names and addresses of five children I will see that their stockings are filled. Hoping that many children may be made happy and that there will be even more Good Fellows than last year, I am

Yours Truly,
One of Them.

Will Repeat Effort.

Upon the receipt of this letter a representative of The Review called on the secretary of the charity bureau of the board of trade and asked her if she would again this year furnish a list of children who might be left "without any Christmas" except for the Good Fellows of Bisbee. She replied that she would be glad to do so.

The Review will again take on the movement, and will do so gladly. It will furnish to each stockholder as many names as he or she may desire with the addresses so that the Good Fellow may play Santa Claus with them on Christmas morning. The names of the recipients of such cheer will be disclosed to no one but the editor and the Good Fellow and the name of the Good Fellow will be known only to the editor.

Thus the first Good Fellow of the year 1912 in Bisbee has declared himself. Who will be the next? There are many in the district as was shown last year and they need not be backward in declaring themselves. All letters should be addressed to A. Goodfellow, care of Bisbee Daily Review.

AT THE ROYAL THEATER

The Royal Theater offers a program of interesting and pleasing variety for today and tomorrow.

The first, "Every Man a Man," is an interesting photo-play of real heart interest. It is a story of a man. There are other qualities of a more tender character that count in a real man's makeup. Here is an instance where a young man is tried and not found wanting in the full measure of manhood. A great lesson to old and young and should be seen by all.

"The Combination of a Safe" is a story of misplaced confidence. A wealthy diamond importer trusts implicitly in his companion and secretary, who steal the combination of the special safe and rob the employer of a large consignment of diamonds. His exposure and arrest is brought about in a most unique manner.

"Friends" is the title of a western mining camp story, which shows clearly the value of that little word "friends."

"Olympic Games, Pittsburgh Y. M. C. A." produced in co-operation with the Young Men's Christian association, shows a miniature Olympic meet with many interesting and exciting events, participated in by representatives of many nations.

"The Green-Eyed Monster," on the same reel with the above, is a dandy good comedy. Two hungry tramps, in revenge for ill treatment, send a husband and wife on a wild goose chase while they enjoy an excellent meal at the expense of their absent hosts.

With the song specialties by Nora Emmett and a select musical program by the Royal orchestra, the Royal offers a delightful evening's entertainment that is second to none in the southwest.

BISBEE EXTENDS RED CROSS AID

Nearly \$1100 Quickly Raised and Sent to Belgrade to Relieve Sufferings Caused by War

ALL RACES ASSIST

When a hundred and fifty Serbian and Montenegrin marched down Broadway to raise for New York, there to sail for Italian Italy, Bisbee natives saw a remarkable demonstration of patriotism.

Another similar demonstration occurred Friday, when a draft for \$1072.75, donations from Bisbee Serbians, Montenegrins, Slavs and Americans, was sent to the Red Cross society at Belgrade, Serbia, to be used in relieving the distress of wounded soldiers on Italian battlefields.

The money was raised in a comparatively short time and the donations came from all classes and all nationalities of people, showing that the people of the Warren district generally are not only patriotic but that they are sympathetic.

Many of those who gave liberally to the Red Cross aid, had also given funds to be sent their home governments to be used in equipping Italian armies.

The Slavonians were especially surprised at the generosity and sympathy exhibited by the people of the district and are deeply grateful. Sam Milutinovich and Lee Lovanovich were appointed a committee to extend to the people of the district, through the Review, the sincere thanks of the Slavonian people here and at home.

Messrs. Milutinovich and Lovanovich were the committee appointed to solicit funds for aiding the work of the Red Cross society in the Italian states.

A large portion of the fund was contributed by salaried men and factory wage workers, denying themselves in order to make the contribution. Those of the Slavonians who are in business contributed generously and the Americans also were generous. The fund was sent to Belgrade, Serbia, by draft Friday.

Will Recognize Order

On account of the formal order issued by the American Red Cross society at Washington, calling attention to the fact that it is a violation of a federal statute for any person not connected with the Red Cross to solicit funds in the name of the society, Bisbee Slavonians will meet today in mass meeting to take steps to form a local branch of the American Red Cross society, in order that they may continue to aid the society in its relief work.

Former Report Denied

The story in yesterday's morning's Review, to the effect that the Montenegrins and Serbians who left Bisbee to join the armies of the Italian states had been denied the privilege of fighting was incorrect in that it included all who left this country. It was only the minority of them that were many from the United States who were turned down the government wishing to recognize them for future usefulness to their country. The others were gladly accepted and according to letters received by Bisbee friends they have been issued arms and sent to Belgium, France and were then prepared to go to Russia, on the Russian front.

BISBEE PUBLIC SCHOOL NEWS

L. N. Gooding, teacher of science in the Bisbee High School, has tendered his resignation and as soon as his successor is supplied by the school board, he will be located in the state of Sonora, Mexico and engage in mining. At the same time he will continue his study of North American flora and plant life and the gathering of material for a book which he will publish on the subject. He is an authority on this subject and his loss to the high school will be deeply felt.

The Thanksgiving luncheon served by the senior class in domestic science was a great success, all of the guests agreed. The room was decorated with pumpkins and green ribbon and the center piece, a large pumpkin filled with various fruits, brought admiring comment from the guests.

The mothers of the kindergarten pupils were entertained by their young hopefuls last Wednesday. Mrs. Moore, the teacher, had drilled the children in a play representing pilgrim life and they acquitted themselves with honor. Tea and cake were served.

The last football game of the season was played at Douglas. Thursday, resulting in another victory for Bisbee by the score of 23 to 6. Bisbee was well represented on the side lines a number of high school girls going down to see the game. An automobile party chaperoned by Mrs. George Cobbe went down to attend an entertainment given by the Douglas Freshmen. The party was composed of Beanie Gill, Maggie Caratto, Merle Batson, Mienie Medizovich, James Matteo, Frank Champion and John Hanley.

FOILS A FOUL PLOT.

When a shameful plot exists between liver and bowels to cause distress by refusing to act, take Dr. King's New Life Pills, and end such abuse of your system. They gently compel right action of stomach, liver and bowels, and restore your health and all good feelings. 25c at all drug stores. —Advertisement. 216.

NEW STORE TO OPEN IN LOWELL TOMORROW

Two Hours in Evening Will Be Given Visitors for Inspection

An announcement which is of the utmost importance in the history of Lowell comes from the Phelps-Dodge Mercantile company and was issued last night, that their new store is to be opened Monday evening at 7 o'clock. The store will be open for inspection two hours that evening from 7 to 9. The management have furnished handsome souvenirs to all ladies attending. Monday, business in the Lowell store will be suspended in all departments except the grocery from which orders will be sent out and received.

The new Phelps-Dodge store is a handsome building in block with large open trimmings. It makes an imposing figure in Lowell's business district. Show windows of the modern type extend clear across the front of the building and are lighted by numerous X-ray electric lamps which shed their brilliant light a powerful light. On every side, there are wide glass galleries, making the building one of the most sanitary and best lighted in the district.

The Lowell store will in the future be able to handle all the Lowell business which was formerly handled by the Bisbee store. The stock carried will be complete in every particular and the accommodations offered to customers will be equal to that of the Bisbee store. Arrangements have been made with an eye to facilitating the handling of trade seldom afforded in stores of communities.

The Size of Lowell

Everything will be modern, sanitary, airy and well lighted. The Lowell store is conceded to be among the finest of the chain of stores operated by the Phelps-Dodge people and was built with an eye to the future growth of the Bisbee suburb.

RUSSIAN ENGINEER LOOKS OVER MINES

Visitor Will Study Geological Formations Found in Warren District

Kasimir Grochowski, a Russian mining engineer, of Tein, Siberia, is in the city, a guest of the Copper Queen Hotel, and will spend several days here studying geologic formations of the Warren district and inspecting the methods of mining. He is being shown every courtesy and consideration by the officials of the two big mining companies.

Mr. Grochowski is connected with a gold mining company at Tein. About two-thirds of the gold produced by the Russian empire comes from Siberia. In the year 1899 the mines of that country turned out 28,276 kilograms of gold, but the gold resources of the country have scarcely yet been touched. Quartz deposits have been almost entirely neglected and the miners are worked by antiquated and expensive methods. Little attention has been paid to iron, copper, lead and tin, though these resources are well worth developing.

Mr. Grochowski will visit all of the principal mining camps of the United States and what he learns regarding the operation of mines will be applied to the industry in his country. He speaks English but poorly and his talks with mining officials here yesterday were made through an interpreter.

Emergency steering gear has been invented for automobiles to avert accidents should the regular gear fail through any one of numerous causes.

Children who are not allowed by parents to attend school, must remain at home. Children attending school will be given a certificate by the teacher. Those who might be seen off their premises by a special officer will be taken home, and if necessary the homes placed under a modified or partial quarantine.

This measure is not intended to force parents to send children to school when they fear to do so, but is intended merely as a measure for checking a possibility for a spread of scarlet fever in an unrecognized form among those children out of school who cannot be frequently observed.

LOWELL TO HAVE MOOVIE HOUSE

Bisbee's Largest Suburb to Conduct Amusement Enterprise on Its Own Account

ARRANGEMENTS MADE

As a culmination of the efforts of business men of Lowell to keep the people of that suburb at home, to retain their business and to furnish attractive amusement for them without the necessity of a ride up to Bisbee, it is announced that within a short time a moving picture house will be opened in Bisbee's nearest suburb.

The announcement that an amusement enterprise is to be conducted in Lowell follows concerted efforts on the part of business interests in that direction. The project was first broached when it was learned that the Phelps Dodge company would build and move and it was intended to remodel the old building into a theater. Later however the building was rented for other purposes and other arrangements were made. At the outset correspondence was opened with several moving picture houses and numerous letters passed with various people.

The fact that there was an opening here became known to J. L. Fraser of Los Angeles who wrote to the Commercial club for information which was given to him by the secretary of the club and the letter from Fraser was turned over to the Lowell committee and the correspondence was continued by them with the result that Fraser came on to see for himself and decided to undertake the project. Satisfaction was mutual and the new amusement house for Lowell will be opened in the building known as the old Lowell club which will be entirely remodeled, refitted and remade into an up to date picture house.

The officers of the business men's league are F. W. Ritter, president, Chas. Kolstad, vice president, Otto Hendrichsen, secretary and treasurer, and Mike Rosenthal and John Louko, directors.

NOTICE.

All democratic precinct committees of the Warren District are requested to meet Tuesday night, Dec. 3rd, 1912 at the Lowell club house, at Lowell, Arizona. Business of importance.

M. J. SULLIVAN,
Vice County Chairman.

Water Pipe in Tremendous

Demand by Farmers and

Ranchers Everywhere

Ranchers and farmers who are interested in irrigating their land can secure from the ADAMS PIPE WORKS any amount of water pipe at a remarkably low price. This company has just received many carloads of water pipe, and in order to dispose of this at once they have reduced the price on all sizes and make no charge for cartage to any depot in Los Angeles.

This Company is pleased to receive small orders as well as large ones, and can cut and fit the pipe to your own dimensions.

The sizes they have in stock are as follows:

1 in. at 3.95 per hundred
1 1/4 in. at 5 cts per ft.
1 1/2 in. at 5.34 cts per ft.
2 in. O. D. at 6 cts per ft.
2 in. New Standard at 9 cts per ft.
3 in. O. D. dipped at 12.34 cts per ft.
3 1/2 in. O. D. dipped at 15.24 cts per ft.
4 in. O. D. New at 17.12 cts per ft.
4 1/2 in. at 20 cts per ft.
5 in. No. 16 gauge, riveted, dipped irrigating pipe at 21c per ft.
10 in. No. 16 gauge, riveted, dipped irrigating pipe at 27c per ft. And many other sizes in well casing at half the value of new pipe.

The pipe and casing purchased from this company is sold under a guarantee.

Those who are interested should write the ADAMS PIPE WORKS, and send in their orders.

No charge is made for cartage to any depot.
